**NEW RULES AND/OR ANY CHANGES TO RULE BOOK HAVE BEEN
UNDERLINED.**

The American Ranch Horse Association prides itself on the integrity and honesty of each of its members. All the rules in the world will only be as good as those honorable enough to follow them. We as a group, cannot make a set of show rules that will cover every situation nor can we possibly police every aspect of the competition within our organization. We expect the members to see what is equitable and fair, abide by their conscience and follow these basic rules set forth in this rulebook.

DISCLAIMER OF RESPONSIBILITY FOR SAFETY

ARHA does not assume responsibility for safety of participants or any third parties or horse or property at the shows, or any other events it sanctions. As an expressed condition to participate at any ARHA approved show, each owner, exhibitor, trainer, participant or spectator, assumes the risks of participation, and release and discharge ARHA, its officers, directors, representatives and employees from any and all liability, whenever or however arising, for personal injury or property damage occurring as a result of participation in an event conducted by the show or on show grounds thereof.

As between ARHA and show management, responsibility for participant safety remains solely with show management. Show management applies for ARHA approval on a voluntary basis, agreeing to conduct the show according to ARHA rules, which are designed to promote fair competition. Assumption of responsibility for safety by show management is required by ARHA as an express condition to grant the designation "ARHA approved show". Show management is responsible for the condition of show premises, including the arena and exercise arenas; the conduct and competence of show employees and other representatives; implementation of show activities and events; and all other aspects of this show. ARHA's limited objective is to provide, by rule enforcement, a "level playing field" of competition in order that performance of exhibitor and horse can be judged uniformly by competent judges; horses are identified by registration certificate; and perform or exhibit free of prohibited substances which could affect their performance. Safety is everyone's concern, but ARHA does not assume responsibility for it. ARHA's limited purpose for sanctioning shows is to promote fair competition.

SECTION A-1. LIABILITY

ARHA, its officers, directors, members of committees, employees, representatives and agents will attempt to obtain true and complete information regarding all matters relating to ARHA activities. Except for intentional wrongdoing, neither ARHA nor its officers, directors, members of committees, employees, representatives nor agents will be liable in any way, whether in damages or otherwise, for issuance of any certificate, cancellation of certificate, refusal to issue a registration certificate, refusal to transfer any certificate for any disciplinary procedure brought against or penalties imposed on any member or person or for any other activities engaged in, by or on behalf of the American Ranch Horse Association.

SECTION A-2. RELEASE OF LIABILITY

ARHA and any co-sponsoring organizations or affiliates shall not be responsible for any injury, or loss or damage to personal property occurring at any ARHA activity. Each owner, exhibitor, handler, spectator or consignor shall indemnify and hold harmless the ARHA, its officers, directors, committees and employees from and against all claims, demands, causes of action and expenses of every kind, including attorneys fees, arising out of or related in any manner to the acts or omissions of an owner, exhibitor, handler or consignor or the actions of any animal under the care, custody or control of the above entry. Consignment forms shall be deemed acceptance of the condition of this rule. In the

event any entry or consignment form is not signed or presented, appearance on the grounds or at the sale ring of any ARHA activity as an exhibitor handler, spectator, owner or consignor shall deem to be acceptance of the condition of this rule.

SECTION A-3. RESPONSIBILITY

A) American Ranch Horse Association will not assume the responsibility of settling civil disputes concerning financial settlements, ownership, health or fertility.

B) No person shall refuse the reasonable request to assist the Association, its officers, directors, committee or agents in locating and inspecting or to answer promptly and truthfully any inquiry concerning an animal in his ownership or control, which has been registered or listed, for which application to register or list has been made, or to sign requested documentation. A violation of this rule may be grounds for disciplinary action.

C) Accuracy of records furnished by ARHA, either as hard copy or on-line service, is warranted by ARHA only to the extent of using its best effort in the compilation thereof and solely for the benefit of the member or party purchasing the record. Reimbursement of the expense of the record on a showing of material inaccuracy is the sole remedy available to anyone receiving information from the ARHA. Consequential damages are expressly excluded. No warranties, express or implied, arise from record issuance, other than as stated therein, as the purchaser receives this record on an "as is" basis. For absolute accuracy, independent verification must be obtained from the current owner or his predecessor in title to the subject of the horse.

D) In all proceedings concerned with or affecting the registration and records of ARHA and in all disciplinary actions, the burden of resolving any doubt as to the true identification of the animal, parentage or qualification for registration shall be upon the applicant, owner, lessee or other member(s) or non-members involved. The determination, decision or action of the Board of Directors upon all questions shall be final and binding upon all parties. As the owner has the burden of proof, by failure to present evidence concerning such questions, the owner shall be deemed to have waived his right to later present all such evidence to a court of law, if he seeks judicial review of the Association action.

E) When an exhibitor, owner or trainer is guilty of unsportsmanlike conduct, such person is subject to disciplinary action by ARHA, including, but not limited to, fines and/or suspension.

SECTION A-4. VIOLATIONS

A) Any member may be suspended and denied privileges of the Association, and any non-member may be denied the privileges of the Association by the Board of Directors of the Association, for the failure to pay, when due, any obligation owing ARHA, affiliate charters or any paid show staff. This includes but is not limited to, advertisements in official publication, membership fees or fees to an approved show, or for giving a worthless check for entry fees, stalls, office charges or stock charges or charges including bank charges for returned checks connected with the exhibition of horses. Ten (10) days before action by the Board of Directors, written notice must be sent of the account due and the intention of suspension or withholding privileges of the Association to such

member or non-member. Any suspension or denial of privileges of ARHA, affiliate charters, or show staff under this section shall terminate upon full payment of obligations due the Association.

B) If a member or non-member fraudulently claims or advertises an ARHA title, award or points prior to the title award or points being officially awarded or recorded by ARHA, or uses a title other than the official title or award specified by ARHA rules, the registration certificate may be revoked permanently and the owner of record may be subject to disciplinary action.

Any member and any non-member who violates in any manner the rules and/or regulations of the Association; whose practices in supplying information for the Association records or whose conduct has endangered or may endanger the good order; welfare or credit of the Association; or who is convicted in a court of law for cruelty to animals, and upon submission of certified evidence of such conviction from any court, may be censured, suspended or, in the case of a member, expelled from the membership in the Association and denied privileges of the Association, including without limitations the generality of the foregoing, the privilege of registration or change of ownership or horses on the records of ARHA by the Board of Directors.

SECTION B-1. ANIMAL WELFARE

Every horse shall, at any time, be treated humanely and with dignity, respect and compassion. The standard by which conduct or treatment will be measured is that which a reasonable person, informed and experienced in generally accepted equine training and exhibition procedures or veterinary standards, would determine to be cruel, abusive or inhumane.

ARHA ANIMAL WELFARE STATEMENT

The American Ranch Horse Association is committed to the humane and proper treatment of all animals. In this respect:

A) The welfare of the horse is the primary consideration in all activities.

B) Horses will be treated with kindness, respect, and compassion at all times.

D) Horsemen and women as owners, exhibitors, or trainers will ensure the health and well-being of animals in their care at all times.

E) In ARHA classes or activities that involve the use of cattle, ARHA strives to safeguard the welfare of the cattle as well as the welfare of both horses and riders.

F) The standard by which conduct or treatment will be measured is that which a reasonable person, informed and experienced in generally accepted animal husbandry standards and equine care, training, and exhibition procedure would determine to be neither cruel, abusive or inhumane. Based on these principals, ARHA has developed and enforces rules to ensure ethical competition and humane treatment of horses and cattle. ARHA supports the development of procedures that assure equity, fairness, safety, health and welfare for all participants.

SECTION B-2. DRUGS

A horse shall not be shown in any class at an ARHA approved show or event held in conjunction with an ARHA approved event, if the animal has been administered in any manner a forbidden substance. A forbidden substance is defined as any stimulant, depressant, tranquilizer or sedative which could affect the performance of the horse (stimulant and depressant are defined as substances which stimulate or depress the cardiovascular, respiratory or central nervous system). Also forbidden is any substance, regardless of how harmless or innocuous it might be, which might interfere with the detection of any substance defined above. In the event any forbidden substance is administered to any horse for any reason, the owner and/or trainer shall withdraw the horse from competition until the drug is no longer present in the plasma or urine. ARHA reserves the right to implement random drug testing.

SECTION B-3. SURGICAL PROCEDURES

Any surgical procedures which could affect the horse's performance or affect it's natural conformation or appearance is prohibited, except for those surgical procedures performed by a licensed veterinarian for the sole purpose of protecting the health of the horse. Upon discovery of the administration of prohibited surgical procedures, the show management shall immediately disqualify the horse and report the matter to the association.

SECTION B-4. CARE AND MAINTANCE OF CATTLE

Should humane destruction of the animal be recommended, such destruction shall take place as soon as possible and shall be carried out by the most humane means possible.

B) A conveyance of a type on which an injured animal may be easily placed without causing additional injury should be made available at all shows to remove the animal from the arena in case of injury.

C) Cattle are recommended to be between 500 and 650 pounds. They should appear strong and healthy.

G) Cattle that become excessively excited, so that they appear in danger of injuring themselves, should be released from the arena.

H) No sick or injured animals will be permitted to be used in competition. Blinded animals or animals with bad eyes will not be permitted to be used in competition.

- I) Animals will be inspected and objectionable ones will be eliminated.
- J) Any exhibitor tampering with competition livestock will be disqualified for the remainder of that particular show and will be subject to further disciplinary action.

The judge must confirm that the scribe understands the fundamentals of recording both maneuver scores and penalty scores. It is recommended that judges verify the addition of the maneuver scores and penalties is correct at the completion of the run. As part of the training process for the scribe, the judge should make certain that his/her communications are clear to the scribe. To ensure this clear communication, the judge and the scribe should agree upon a method of speaking, so that maneuver scores and penalty scores are not confused (i.e.: a judge will say a number for a maneuver score and say "penalty" and a number for a penalty, thus allowing the scribe to place the appropriate score in the appropriate box on the score sheet.) Scribes should be advised to record all scores and penalties in fractions as opposed to decimals to prevent errors in tabulating the final score. If for any reason a judge does not believe that a scribe is competent, he/she should ask show management to replace the scribe immediately or do so themselves. B) Paying for another exhibitor's entry fee. No person shall pay for exhibitor's entry fee for the purpose of enlarging a class nor shall any person accept payment of an entry fee for another to enlarge a particular class. Violation of this rule shall disqualify both horses involved in the transaction and shall be referred to the proper ARHA authority for further disciplinary action as warranted.

C) Forced Entry. An approved ARHA show may not require that an exhibitor enter or pay entry fees in any class to be eligible for another class. (i.e.: a show may not require entries in a conformation class to enter a performance class or visa versa).

SECTION I-7. PREMIUM MONEY

If premium money (payback) is provided the show management must make the full premium payments. Show management cannot require a portion of the premium money be added to any open sweepstakes or championship class. It shall be option of the exhibitor to pay his fees for a championship or otherwise sweepstake event.

SECTION I-8. REFUNDS

Show management has the discretion to refund or not refund entry fee or stall fee according to its statement published prior to show. Management has the right to set precedent and policy of acceptable reason to refund. Any contestant withdrawing from an event or show shall abide by show management policy on refunds.

SECTION I-9. ENTRY NUMBER

Entry numbers must be assigned to horses, not exhibitors, and the exhibitor must display the correct number assigned by show management for the horse being exhibited in ARHA approved shows. In all performance classes excluding Showmanship and In Hand Trail, the exhibitor must display the entry number on both sides of saddle pad. Failure by exhibitor to display the correct number in all classes in a visible manner while being judged, shall result in disqualification from class. Hand written back numbers are highly discouraged.

The total number of entries in the class and placings of the other exhibitors may be changed. In a case where the entries of a class close the night before a class is to be held, the patterns or draws must be posted by 10:00 pm of the day class entries close. For entries that enter after the draw has been posted, late cattle entries will be added to the end of the draw and late non-cattle entries will be added to the beginning and will be considered a negative draw. If exhibitor is showing multiple horses, show management should attempt to put at least three horses between exhibitors horses, if class numbers will allow.

A) All judges who submit patterns that are not rulebook specific (showmanship, horsemanship, and trail) in advance to show management must check with show management upon arrival. This is to make sure the correct patterns are posted and will aide in judges being clear on patterns.

B) The use of patterns in the ARHA rulebook are required to be used at an ARHA approved event. The patterns are to be worked as stated, not as drawn. The drawn pattern is just to give the general idea of what the patterns will look like in the arena. Any novice patterns that are in the Rule Book must be used in the said Novice classes.

SECTION I-13. SCRATCHES & ADDS

Exhibitors that enter and scratch a class for any reason after a draw has been posted will be liable for any and all fees incurred in connection to entering that class.

SECTION I-27. SADDLES

A western saddle is a common type saddle distinguished by a large noticeable fork on which there is some form of horn, a high cantle, and large skirt. Saddles and other equipment should be suitable for ranch work. We encourage and promote good working tack.

SECTION I-28. SILVER ON EQUIPMENT

No silver is to be on saddles beyond conchos, two (2) inch in width corner plates and/or cantle name plates, horn caps, and silver lacing. Saddles with excessive silver have the option to use duct tape or something similar to cover any excessive silver and will not be penalized. Any exhibitor's saddle that has any silver other than what is stated above and that is visible will be disqualified. Bridles may be leather, rawhide or a combination thereof, and may have buckles with silver, nickel, copper or brass buckles, silver "dots" or any type of leather inlaid in cheeks of the bridle but no silver cheek pieces are allowed. Halters may have silver buckles but

silver on cheek and/or across nose band are not permitted. All bits and spurs are excluded from any silver requirements. Let's keep our tack with the ranch horse tradition in mind.

SECTION I-29. GROOMING

A) Hair dyes or fresh hoof black, hoof polish and/or oil is not allowed and will result in the horse being disqualified from the class.

B) Clipping ears, bridle path, roached manes, muzzle, and legs is left to the discretion of the exhibitor and has no bearing on the horse's conformation and/or performance.

C) The horse should be clean and brushed. It is recommended that a horse should be shown as naturally as possible.

D) Banded or braided manes or forelocks, braided tails, tie-in tails and/or extensions are not allowed with the exception of roping and speed event where braided manes will be allowed as a safety measure.

SECTION I-30. EQUIPMENT

A) In conformation classes, horses may be shown in good working halter; such as rope, braided, nylon or plain leather. Halters may have silver buckles but no silver is permitted on cheeks and/or across nose band. Brass name plates and embroidered halters will be allowed.

B) Lip chains, splint boots, leg wraps or bandages are prohibited in any conformation and showmanship classes. The use of shin and/ or Bell Boots on the front legs and standard sliding rundown boots on rear fetlocks is optional in individual working classes unless other wise noted. In the event of injury the judge may permit a protective bandage.

C) References to hackamore means the use of flexible, braided rawhide, leather or rope bosal, and have a non-metal flexible core. A hackamore must use complete mectate rein, which must include a tie- rein. Absolutely no rigid material will be permitted under the jaws, regardless of how padded or covered. Horse hair bosals are prohibited. This rule does not refer to so called mechanical hackamores.

D) Reference to snaffle bits in performance classes mean the conventional O-ring or D-ring with a ring no larger than 4 inch (Refer to Section AB-1. Diagrams) The inside circumference of the ring must be free of rein, curb, or headstall attachments which would provide leverage. The mouthpiece should be round (no twisted wire), oval or egg-shaped smooth and unwrapped metal (factory rubber covered mouth pieces are acceptable). It may be inlaid, but must be smooth. The bars must be a minimum of 5/16 inch in diameter, measured one inch in from the cheek with a gradual decrease to center of the snaffle. The mouthpiece may be two or three pieces. A three-piece, connecting ring of 1 1/4 inch or less in diameter, or a connecting flat bar of 3/8 to 3/4 inch measured top to bottom, with a maximum length of 2 inches, which lies flat in the horse's mouth is acceptable. Optional curb strap attached below the reins in a snaffle bit is acceptable. Mecate reins may be used with a snaffle bit when ridden with two hands on a junior horse.

E) When showing in a snaffle bit in any class, the exhibitor has the option of bridging the rein(s) two different ways. The reins may

either bridge reins traditionally with the tail on each side of the neck; or the reins may be bridged with one rein and have the tail of the reins on one side of the horses neck.

F) Reference to a bit in performance classes means the use of a curb bit that has a solid or broken mouthpiece, has shanks and acts with leverage. All curb bits must be free of mechanical device and should be considered a standard western bit. A description of a legal, standard western bit includes:

1) 8 1/2 inch maximum length shank to be measured as indicated in Section AB-1 Diagrams. Shanks may be fixed or loose.

2) Concerning mouthpieces, bars must be round, oval or egg shaped, smooth and unwrapped metal of 5/16 to 3/4 inch in diameter, measured 1 inch from the cheek. However, wire in the sway bars (above the bars and attaching to the spade of a traditional spade bit is acceptable. They may be inlaid, but must be smooth. Nothing may protrude below the mouthpiece (bar), such as extensions or prongs including upward prongs on solid mouth pieces. The mouthpiece may be two or three pieced. A three-piece, connecting ring of 1 1/4 inches or less in diameter or a connecting flat bar of 3/8 to 3/4 inch which lies flat in the horse's mouth is acceptable.

3) The port must be no higher than 3 1/2 inches maximum, with rollers and covers acceptable. Broken mouthpieces, half-breeds and spades are standard.

H) If showing in a shank bit with split reins one hand must be around the reins; with only one finger between reins. If tail of reins become tangled they may be fixed at anytime during a run. Exhibitor must go behind the rein hand to fix reins.

I) When a curb bit is used, a curb strap or curb chain is required, which must be at least 1/2 inch in width, lie flat against the jaw, and be free of barbs, wire, and/or twists.

J) Whenever this rule book refers to romal, it means an extension of braided or round material attached to closed reins. This extension shall be carried in the free hand with a 16 inch spacing between the reining hand and the free hand holding the romal. When using the romal reins, the rider's hand shall be around the reins with the wrist kept straight and relaxed, the thumb on top and fingers closed lightly around the reins. When using a romal, no fingers between the reins are allowed. The free hand may not be used to adjust the rider's length of reins in any reining class. During reining, the use of the free hand while holding the romal to alter the tension or length of the reins from the bridle to the reining hand is considered to be the use of two hands and a score of 0 will be applied, with the exception of any place a horse is allowed to be completely stopped during a pattern. In all other classes, including the reined portion of working cow horse, the free hand may be used to adjust the rider's length of rein. Refer to Section AB-1 Diagrams.

K) In regular Cutting, NO BOSALS, HACKAMORES OR ROMAL REINS are permitted. Only one hand can be used in regular cutting regardless of the age of the horse or type of bit used.

L) The use of a curb strap with a snaffle bit is optional, but if used, reins are to be attached above the curb strap. The curb strap must be leather (no chain).

M) A braided rawhide or leather bosal may be used in lieu of a snaffle bit, no larger than 3/4 inch diameter at the cheek; must be a minimum of a one-finger space, approximately 3/4 inch, between the bosal and the nose; absolutely no metal under the jaw or in the nose band in connection with the bosal. The bosal should be properly fitted relative to size and conformation of the horse. A complete mectate rein, which includes a tie-rein, is mandatory with a bosal.

N) In all classes, the exhibitor may let go of the reins with one hand to grab the saddle horn.

O) Reruns will not be allowed in the instances of equipment failure. When exhibitor equipment failure causes a delay or a run to be discontinued, the judge will disqualify the entry.

SECTION I-31. PROHIBITED EQUIPMENT

A) Protective boots, leg wraps, and bandages are prohibited in conformation and showmanship.

B) Wire chin straps, regardless of how padded or covered.

SECTION J-1. RANCH HORSE CONFORMATION

A) The horse will be judged on type, conformation correctness, and athletic ability with the all around equine in mind. Ranch Horse Conformation is defined as the physical attributes necessary to perform under saddle in multiple ARHA events. The ideal standard in evaluating horses in conformation should include, but is not limited to soundness and correctness in conformation, particularly feet and legs with emphasis on correct manner of travel including athletic ability and the "appearance of" agility. The horse should possess eye appeal with an attractive head;

refined throat-latch; well-proportioned trim neck; long sloping shoulder; deep heart girth; short back; strong loin and coupling; long hip and croup. The horse should show balance and uniform muscling with enough athletic ability to perform different tasks on the ranch and ARHA events. Horses should be strong boned and have an appearance of durability.

- B)** Horses are not to be penalized for scars or brands.
- C)** All stallions two years and older shall have two visible testicles. Cryptorchids will be excused from the ring prior to the final placing by the judge.
- D)** Only mares and stallions will be examined for parrot mouth and those found to exhibit this shall be excused from the ring prior to the final placing by the judge.
- E)** All lame horses will be excused from the ring prior to the final placing by the judge. Refer to Section I-21.

SECTION J-2. GELDINGS STILL LISTED AS STALLIONS WITH ARHA

- E)** The horse should be clean and brushed. It is recommended that a horse should be shown as naturally as possible.
- F)** Banded or braided manes or forelocks, braided tails, tie-in tails and/or extensions are not allowed in any conformation class and will be disqualified.

SECTION J-4. JUDGING PROCEDURE FOR CONFORMATION

- A)** The judge shall make an individual examination for conformation defects, soundness and way of travel of each horse at the walk and trot as it is led directly to and away from the judge and additionally the trot from a direct side angle. The judge may ask for further individual work he may feel is needed. Any deviation from correct leg conformation and way of going shall be penalized. The horse must move straight and true. The walk should be a natural flat-footed four beat gait. The walk must be alert, with a stride of reasonable length for the size of the horse. The trot should be square, balanced with straight forward movement of the feet.
- B)** After trotting, horses will be lined up head to tail for individual inspection by the judge. The judge shall inspect each horse from both sides, front and rear.

C) In single-judged shows, the judge may line the horses to be placed in a head to tail order according to preference.

D) Any horse that becomes detached from its handler and is no longer under control by the handler will automatically be disqualified and excused. If the initial horse exhibiting poor mannerisms (i.e.: rearing, backing, or falling into others, etc.) causes other exhibitor(s) to lose their horses(s), only the initiating horse will be disqualified and excused. The decision of the judge(s) is final.

E) The fall of a horse being judged in conformation shall be cause for disqualification. A horse is considered having fallen when he or she is on their side with all four feet extended in the same direction.

SECTION J-5. GRAND & RESERVE CHAMPION

A) It is mandatory that the judge select a Grand Champion and Reserve Champion in each gender and division in Category B (combined 2 & Under and 3 & Over). Grand and Reserve are to be placed immediately after the completion of each gender division. *Category A will not offer a Grand and Reserve Champion.*

B) When judging of all classes in conformation has been completed, all first and second place class winners of that gender division shall return to the ring for Grand and Reserve Champions to be chosen, with the first place class winners in one line and the second place horses from each class in another line.

C) Grand Champion Mare, Stallion and Gelding will be chosen from the first (1) place class winners in the respective sex division. If the first place horse does not return, for any reason, the second place horse will move up to first line and be considered for Grand and Reserve. The third place horse cannot move up to second place in the class.

D) The second place horse in the class from which the Grand Champion has been selected and place will be in the line up with the first place winners. They are to be judged equally for the title of Reserve Champion Stallion, Mare or Gelding in their respective sex division.

E) Grand Champion will receive two (2) more points than the largest class in their gender division with exception of the Reserve Champion. The Reserve Champion will receive one (1) more point than any other horse in the largest gender division with the exception of the Grand Champion.

SECTION K-2. CLASS GUIDELINES

A) Ranch Showmanship class shall be judged strictly on the exhibitor's ability to communicate with the horse from the ground and show horse as if he were accomplishing basic unmounted ranch tasks. The horse and handler should be judged on their ability to work in concert and ideal ranch showmanship performance consists of a poised, confident exhibitor leading a well groomed and conditioned horse that quickly and efficiently performs the requested pattern with promptness, smoothness and precision. The ranch showmanship class is not another conformation class and should not be judged as such.

B) It is mandatory that the judge/show management post any pattern(s) to be worked at least three (3) classes prior to the start of the class. Pattern(s) should be designed to test the horse/handler's abilities as a team.

D) Appearance and Position of Exhibitor.

1) The exhibitor should appear ranch ready and business-

like, stand and move in a straight, natural and upright manner avoiding unnatural or animated body positions.

2) The exhibitor must lead on the horse's left side holding the lead shank in the right hand near the halter with the tail of the lead loosely coiled in the left hand unless requested by the judge to show the horse's teeth. When leading, the exhibitor should be positioned between the eye and the mid-point of the horse's neck, referred to as the leading position.

3) Leading, backing, turning and initiating the set up should be preformed from the left side of the horses, At no time should the exhibitor ever stand directly in front of the horse. The exhibitor should not touch the horse with their hands or feet or visibly cue the horse by pointing their feet at the horse during set up.

4) The use of any type of artificial aid including, but not limited to lighters, hay, dirt, sharp pins, etc. will be considered a disqualification.

E) Appearance of the Horse. The horse's body condition and overall fitness should be assessed. The coat should be clean, well-brushed and in good condition. The mane and tail should be neat, clean and free of tangles. Hooves should be properly trimmed or shod. Fresh hoof black, hoof polish and/or oil is not allowed and will result in the horse being disqualified from the class. Tack should fit properly and be neat, clean and in good repair.

F) Performance. The horse/handler combination should perform the pattern accurately, precisely, smoothly and with a reasonable amount of speed, as if working on the ranch. The horse should lead, stop, back, turn and set-up willingly, briskly and readily with minimal visible or audible cuing. Failure to follow the prescribed pattern, knocking over or working on the wrong side of the cones, and/or severe disobedience will result in disqualification. Excessive exhibitor's ability to execute a pattern prescribed by the judge. Exhibitors movements should be workmanlike and efficient and the horse should be obedient and cooperative. This class is judged on 0-100 score scale with 70 denoting average with 1/2 point increment scoring.

1) Showmanship class shall be judged strictly on the exhibitor's ability to communicate with the horse from the ground and show a horse as if he was in a conformation class. The horse is merely a prop to demonstrate the ability and preparation of the exhibitor. The ideal showmanship performance consists of a poised, confident exhibitor leading a well groomed and conditioned horse that quickly and efficiently performs the requested pattern with promptness, smoothness and precision. The showmanship class is not another conformation class and should not be judged as such.

2) It is mandatory that the judge/show management post any pattern(s) to be worked at least three (3) classes prior to the start of the class. Pattern(s) should be designed to test the showman's ability to effectively present a horse to the judge.

3) Exhibitors will perform a designated pattern approved by the judge. The following maneuvers are considered acceptable: lead a horse at a walk, Trot or extended trot, or back in a straight or curved line or a combination of both, stop; or turn 90 (1/4), 180 (1/2), 270 (3/4), 360 (full turn) degrees or any combination

or multiple of these turns. No pull turns are allowed. The judge must have exhibitors set the horse up squarely for inspection sometime during the class.

G) Appearance and Position of Exhibitor.

- 1) The exhibitor should appear business-like, stand and move in a straight, natural and upright manner avoiding unnatural or animated body positions.
- 2) The exhibitor must lead on the horse's left side holding the lead shank in the right hand near the halter with the tail of the lead loosely coiled in the left hand unless requested by the judge to show the horse's teeth. When leading, the exhibitor should be positioned between the eye and the mid-point of the horse's neck, referred to as the leading position.
- 3) Leading, backing, turning and initiating the set up should be performed from the left side of the horse. At no time should the exhibitor ever stand directly in front of the horse. The exhibitor should not touch the horse with their hands or feet or visibly cue the horse by pointing their feet at the horse during the set up.
- 4) The use of any type of artificial aid including, but not limited to lighters, hay, dirt, sharp pins, etc. will be considered a disqualification.

H) Appearance of the Horse. The horse's body condition and overall fitness should be assessed. The coat should be clean, well-brushed and in good condition. The mane and tail should be neat, clean and free of tangles. Hooves should be properly trimmed or shod. Fresh Hoof black, hoof polish and/or oil is not allowed and will result in the horse being disqualified from the class. Tack should fit properly and be neat, clean and in good repair.

I) Performance. The exhibitor should perform the pattern accurately, precisely, smoothly and with a reasonable amount of speed. The horse should lead, stop, back turn and set-up willingly, briskly and readily with minimal visible or audible cuing. Failure to follow the prescribed pattern, knocking over or working on the wrong side of the cones, severe disobedience will result in disqualification. Excessive schooling or training, willful abuse, or loss of control of the horse by the exhibitor shall be cause for disqualification.

- 1) The horse should be led directly to and away from the judge in a straight or curved line and track briskly and freely at the prescribed gait as instructed. The horse's head and neck should be straight and in line with the body. Schooling or training, willful abuse, or loss of control of the horse by exhibitor shall be cause for disqualification.
- 2) The horse should be led directly to and away from the judge in a straight or curved line and track briskly and free at the prescribed gait as instructed. The horse's head and neck should be straight and in line with the body.
- 3) The horse should back up readily with the head, neck and body aligned in a straight or curved line as instructed.
- 4) The horse should navigate poles in a workmanlike manner with no break of cadence or gait.
- 5) When turning the horse to the right 90 degrees or less, the horse should turn to the right. On turns greater than 90 degrees, the ideal turn consists of the horse's front end moving around

its hind end while the hind end remains stationary, pivoting on either hind leg. There will be no pull turns that require a pivot.

6) The horse should be set up quickly with the feet squarely underneath the body. The exhibitor does not have to reset a horse that stops square,

7) Faults can be classified as minor, major or severe. The judge will determine the appropriate classification of a fault based upon the degree and/or frequency of the infraction.

SECTION K-3. SCORING & PENALTIES

A) Scoring.

Scoring will be on the basis of 0-100, with 70 denoting an average performance. The individual maneuvers are scored in 1/2 point increments from a low of $-1\frac{1}{2}$ to a high of $+1\frac{1}{2}$ with a score of 0 denoting a maneuver that is average or correct. It is the judge's responsibility to evaluate these maneuver groups individually and rate each maneuver group on the following scale:

$-1\frac{1}{2}$	=	Extremely Poor
-1	=	Very Poor
$-\frac{1}{2}$	=	Poor
0	=	Correct
$+\frac{1}{2}$	=	Good
$+1$	=	Very Good
$+1\frac{1}{2}$	=	Excellent

1) ARHA requires that the score for each run be reflected on a maneuver by maneuver and penalty by penalty basis utilizing an ARHA score sheet. This score sheet represents a judge's report to an exhibitor of how a score was derived, and it is critical that this report to the exhibitor be accurate.

2) In the name of accuracy, it is important that the judge not average scores for maneuvers.

3) A judge must, at the completion of each maneuver, evaluate the maneuver on the scale listed above as an individual component of the entire run.

B) Penalties.

1) One (1) Point Penalties.

- a)** Break of gait at walk or trot for 1 stride.
- b)** Moving pivot foot (to be assessed once per pivot).

- f)** Skipping over or failing to step into space between poles.

2) Three (3) Point Penalties.

- a)** Break of gait at walk or trot for more than 1 stride.
- b)** Failure to pivot (no clear movement of the front end around the hind end, or both ends moving, or walking in a circle)

SECTION L-1. HORSEMANSHIP

ARHA Horsemanship classes are offered in Amateur, Novice Amateur, Youth, and Novice Youth divisions only. Classes in Amateur may be offered in Amateur 19 & over, or 19-59 and Select. Novice Amateur will be offered only in 19 & over, Novice Youth will only be offered in 18 & Under, and Youth classes may be offered in Youth 18 & Under or 13 & Under and 14-18.

This class is open to all horses ages two (2) years of age and older.

Two (2) year olds may only show after June 1.

The horsemanship class is designed to evaluate the rider's ability to execute, in concert with their horse, a set of maneuvers prescribed by the judge with precision and smoothness while exhibiting poise and confidence, and maintaining a balanced, functional, and fundamentally correct seat. Horses should have forward motion. The ideal horsemanship pattern is extremely precise with the horse and rider working in complete unison, executing each maneuver with subtle aids and cues. The horses head and neck should be carried in a relaxed, natural position.

SECTION L-2. CLASS GUIDELINES

A) It is mandatory that the judge/show management post any pattern(s) to be worked at least three (3) classes prior to the start of the class. Pattern(s) should be designed to test the showman's

ability to effectively present a horse to the judge. All ties will be broken at the judges' discretion.

B) All exhibitors must work individually either from the gate or the ring. When the exhibitors work from the gate, a working order is required.

C) The following maneuvers are acceptable in a pattern: walk, trot, lope, extended trot in a straight line, curved line, serpentine, circle or figure 8, or a combination of these gaits and maneuvers; stop, back in straight or curved line, turn or pivot, including spins and rollbacks on the haunches, sidepass, two-track or leg-yield, flying or simple lead changes, counter-canter, or any other maneuver, or ride without stirrups. Unless specified, either a simple or flying lead change can be performed with no penalties for a simple lead change performed in the correct number of strides. A back should be asked for at sometime during the class. Judges should not ask exhibitors to mount or dismount.

D) Exhibitors may show more than one (1) horse.

SECTION L-3. POSITION

A) General. Exhibitor will be judged on seat, hands, ability to control and show horse and suitability of horse and rider. Results as shown by the performance of horse are not to be considered more important than the method used by the rider to obtain them.

B) Hands. Upper arms to be in a straight line with body, one hand holding reins should be bent at the elbow. Reins may be held in two hands if the horse qualifies to be ridden in a snaffle, hackamore or snaffle bit with mecate.

C) Basic Position. Exhibitor should sit in saddle with legs hanging straight and slightly forward to stirrups or knees bent slightly and weight directly over ball of feet. In either position the stirrups should be just short enough to allow heels to be lower than toes. Body should always appear comfortable, heels relaxed and flexible. Feet should be placed in stirrups with the weight on the ball of the foot. Consideration, however, should be given to width of stirrups, which may vary on western saddles.

1) The rider's back should be flat, relaxed, and supple. An overly stiff and/or overly arched back will be penalized. The shoulders should be back, level, and square. Those exhibitors that can maintain the proper position throughout the maneuvers should receive more credit. Both hands and arms should be held in a relaxed, easy manner, with the upper arm in a straight line with the body. The arm holding the reins should be bent at the elbow forming a line from the elbow to the horse's mouth. The free hand and arm may be carried bent at the elbow in a similar position as the hand holding the reins or straight down at the rider's side. Excessive pumping of the free arm as well as excessive stiffness will be penalized. The rider's wrist is to be kept straight and relaxed, with the hand held at about 30 to 45 degrees inside the vertical. The rein hand should be carried immediately above or slightly in front of the saddle horn. The reins should be adjusted so that the rider has light contact with the horse's mouth, and at no time shall reins require more than a slight hand movement to control the horse. Excessively tight or loose reins will be penalized.

2) The rider's head should be held with the chin level and the eyes forward, and may be directed slightly toward the direction of travel. Excessive turning of the head to the inside of the circle, or down at the horse's head or shoulders should be penalized.

D) Position in Motion. Exhibitor should sit to trot and not post. At the extended trot posting is optional. At the lope, he should be close to the saddle. All movements of horse should be governed by the use of imperceptible aids. Exaggerated shifting of the exhibitor's weight is not desirable.

E) The horse's body condition and overall health and fitness should be assessed. The horse should appear to be fit and carry weight appropriate for the body size. A horse which appears sullen, dull, lethargic, emaciated, drawn, overly tired should be penalized according to severity.

F) Tack should fit the horse properly and be neat, clean and in good repair.

SECTION L-4. CLASS ROUTINE

The judge must ask each exhibitor to work, individually using a designated pattern. The pattern shall include any maneuvers that are normally required in any ranch horse class, such as figure eights and square stops. Individual pattern work must also include all three gaits and back. It must be remembered that, above all, a ranch horse is one that responds instantly and smoothly to all aids.

A) The horse should perform all maneuvers in the pattern willingly, briskly and readily with minimal visible or audible cueing. Severe disobedience will result in a disqualification. Failure to follow The prescribed pattern, knocking over or working on the wrong side of the cones, excessive schooling or training, or willful abuse by the exhibitor is cause for disqualification.

B) Transitions should be smooth and prompt in the pattern. Circles should be round and performed at the appropriate speed, size and location as requested in the pattern.

C) The stop should be straight, square, prompt, smooth and responsive with the horse maintaining a straight body position throughout the maneuver.

D) Turns should be smooth and continuous. When performing a turn on the haunches, the horse should pivot on the inside hind leg and step across with the front legs. A rollback is a stop and degree turn over the hocks with no hesitation. Backing during turns will be penalized severely.

E) The horse should step across with the front and hind legs when performing the side-pass, leg-yield and two track. The side pass should be performed with the horse keeping the body straight while moving directly lateral in the specified direction. When performing a leg-yield, the horse should move forward and lateral in a diagonal direction with the horse's body arched opposite to the direction that the horse is moving. In the two-track, the horse should move forward and lateral in a diagonal direction with the horse's body held straight or bent in the direction the horse is moving.

F) A simple or flying lead change should be executed precisely in the specified number of strides and/or at the designated location. A simple lead change is performed by breaking to a walk or trot

for one to three strides. Flying changes should be simultaneous front and rear. All changes should be smooth and timely.

SECTION L-5. SCORING & PENALTIES

A) Scoring.

Scoring will be on the basis of 0-100, with 70 denoting an average performance. The individual maneuvers are scored in 1/2 point increments from a low of $-1\frac{1}{2}$ to a high of $+1\frac{1}{2}$ with a score of 0 denoting a maneuver that is average or correct. It is the judge's responsibility to evaluate these maneuver groups individually and rate each maneuver group on the following scale:

$-1\frac{1}{2}$	=	Extremely Poor
-1	=	Very Poor
$-\frac{1}{2}$	=	Poor
0	=	Correct
$+\frac{1}{2}$	=	Good
+1	=	Very Good
$+1\frac{1}{2}$	=	Excellent

1) ARHA requires that the score for each run be reflected on a maneuver by maneuver and penalty by penalty basis utilizing an ARHA score sheet. This score sheet represents a judge's report to an exhibitor of how a score was derived, and it is critical that this report to the exhibitor be accurate.

2) In the name of accuracy, it is important that the judge not average scores for maneuvers.

3) A judge must, at the completion of each maneuver, evaluate the maneuver on the scale listed above as an individual component of the entire run.

B) Penalties.

1) One (1) Point Penalties.

- a)** Break of gait at walk or trot for one (1) stride.
- b)** Each stride out of lead up to four (4) strides.
- c)** Missing a marker by less than one (1) horse length.
- d)** Excessively slow per gait.

2) Three (3) Point Penalties.

- a)** Break of gait for more than one (1) stride.
- b)** Starting a lope departure at a trot for three (3) strides or more.
- c)** Missing a marker by more than one (1) horse length.

3) Five (5) Point Penalties.

- a)** Exhibitor touching the horse
- b)** Turning on the forehand.
- c)** Out of lead five (5) strides or more.
- d)** Blatent disobedience, including kicking, biting, bucking, rearing, and striking.

4) Disqualifications (should not be placed).

SECTION M-1. RANCH RIDING

Classes in Open and Amateur may be offered in All Age or Junior/Senior. All Age Amateur may be offered in Amateur 19 & over, or 19-59 and Select. Novice Amateur will be offered only in 19 & over, Novice Youth will only be offered in 18 & Under, and Youth classes may be offered in Youth 18 & Under or 13 & Under and 14-18.

This class is open to all horses ages two (2) years of age and older.
Two (2) year olds may only show after June 1.

This is a rail class and all horses work simultaneously in both direction at the required gaits at the direction of the judge. *The appropriate terms when calling gaits in Ranch Riding are walk, extended walk (optional), trot, extended trot (optional) and lope.*

A) Desirable Qualities.

A superior ranch riding horse has a free-flowing stride of reasonable length in keeping with his conformation and covering a reasonable amount of ground as if he was going across the pasture to do a task on the ranch in a timely fashion. Horse should not be a run away but move like "we have a lot to do today". Ideally, he should have a balanced, flowing motion, while exhibiting correct gaits with proper cadence and rhythm. The quality of the movement and consistency of the gaits is a major consideration.

Exhibitor should not be penalized for picking up reins or moving horse's body as long as the horse is soft, willing and free of resistance and should receive credit. Horse should be credited for softness when picking up through transitions, departures, stops, and back-ups. (This should not be confused with constant pulling and jerking around the arena as this shall be faulted according to severity).

A willing horse will not ring their tail, or be blatantly disobedient to the rider's cues or demands. The horse should drive off his hind quarters using it as a driving force for his body. The horse should not carry his head behind the vertical, giving the appearance of intimidation, or be excessively nosed out, giving the appearance of resistance.

He should have a bright expression with his ears alert, he should be mannerly without the appearance of a dull, sullen lethargic drawn or overly tired attitude. He should be shown on a reasonably loose rein, but with light contact and control. He should be responsive, yet smooth, in transitions when called for. When asked to extend, he should extend out with the same flowing motion.

Maximum credit should be given to the horse that has a flowing stride, is balanced, and that gives the appearance of being willing, fit, alert and a pleasure to ride while possessing great athletic ability and agility.

SECTION M-2. PERFORMANCE GAITS

The following terminology is a description of ranch riding gaits:

A) Walk & Extended Walk.

1) Poor Walk. Uneven pace and no cadence. Has no flow and may appear intimidated or appear to march.

a) Poor Extended Walk. Never lengthens stride, lack of ground covering walk.

2) Average Walk. Has a four-beat gait, level top line and is relaxed.

a) Average Extended Walk. Moves up in pace/covers more ground.

3) Good Walk. Has a flowing four-beat gait, level top line, relaxed and is bright and attentive.

a) Good Extended Walk. Covers reasonable amount of ground; obvious lengthening in stride while being effortless for the horse.

B) Trot & Extended Trot.

1) Unacceptable Trot. Cannot perform a two-beat gait and has no flow or balance in the motion.

2) Poor Trot. Hesitant motion. Does not keep even and balanced motion or has negative characteristics such as walking behind, dragging rear toes or taking uneven length of stride with the front and rear legs.

a) Poor Extended Trot. Never lengthens stride and may appear to be rough to ride.

3) Average Trot. Is comfortable to ride while having a consistent two-beat gait. The horse guides well and appears to be relaxed.

a) Average Extended Trot. Moves up in its pace and appears to be smooth to ride.

4) Good Trot. Smooth ground covering two-beat gait showing forward momentum without being rushed, featuring a balanced straight topline with hind quarters achieving natural extension.

5) Excellent Trot. Effortless and very efficient motion. He has a bright and alert expression and exhibits more lift and self carriage, Shows confidence, yet soft with its motion while being balanced and under control.

a) Excellent Extended Trot. Has obvious lengthening of stride with a slight increase in pace while exerting less effort and appears smooth to ride.

C) Lope.

1) Poor Lope. Does not have a three-beat gait. No flow, rhythm or balance. Uncomfortable to ride.

2) Average Lope. Has a true three-beat gait with very little head and neck motion. He guides well and has a relaxed appearance.

3) Good Lope. Has more lift and flow than average horse. Has a strong but smooth drive from behind. Steady top line, relaxed appearance and is responsive to rider's aids. Appears to be comfortable to ride.

4) Excellent Lope. Has a round back with an effortless strong, deep stride with the rear legs and a flat swinging with the front legs. Horse has a great degree of lift and self-carriage and is relaxed yet alert and confident.

D) The Back-up.

1) Poor Back-up. Is resistant and heavy in front. May gap mouth and throw his head or back crooked.

2) Average Back-up. Backs straight and quietly with light contact and without hesitation.

3) Good Back-up. Displays balance and smooth flowing movements. Backs straight with self-carriage without gapping mouth with light contact and without hesitation.

SECTION M-3. CLASS GUIDELINES

This class will be judged on the performance, athletic ability, and condition of the horse.

A) Horses must work both ways of the ring at all three gaits to demonstrate their ability with different leads. At the option of the judge, horses may be asked to extend the walk and the trot, one or both ways of the ring. The extended trot is a definite two-beat lengthening of the stride, covering more ground. Cadence and balance with smoothness are more essential than speed. Passing is permissible and should not be penalized as long as the horse maintains a proper and even cadence and rhythm. Horses are required to back easily and stand quietly.

B) Horses are to be reversed to the inside (away from the rail). They may be required to reverse at the walk or trot at the discretion of the judge, but shall not be asked to reverse at the lope.

C) Rider shall not be required to dismount except in the event the judge wishes to check equipment.

D) Horses are to be shown at a walk, trot and lope on a reasonably loose rein or light contact without undue restraint. Judges, at their discretion may also ask for an extended trot.

SECTION M-4. FAULTS & CREDITS

A) Faults to be scored according to severity.

- 1)** Excessive speed or excessive slowness at any gait.
- 2)** Being on the wrong lead.
- 3)** Breaking gait (including not walking when called for).
- 4)** Excessive slowness in any gait, loss of forward momentum (resulting in an animated and/or artificial gait at the lope).
- 5)** Failure to take the appropriate gait when called for (during transitions, excessive delay will be penalized).
- 6)** Over flexing or straining neck in carriage so that the nose is behind the vertical.
- 7)** Excessive nosing out.
- 8)** Opening/gapping mouth excessively.
- 9)** Stumbling.
- 10)** Use of spur in front of the cinch.

SECTION N-1. RANCHMANSHIP

Classes in Open may be offered in All Age or Junior/Senior. Amateur may be offered in Amateur 19 & over, or 19-59 and Select. Novice Amateur will be offered only in 19 & over, Novice Youth will only be offered in 18 & Under, and Youth classes may be offered in Youth 18 & Under or 13 & Under and 14-18.

This class is open to all horses ages two (2) years of age and older.
Two (2) year olds may only show after June 1.

The purpose of this class is to bring forth the versatility in both the ranch horse and exhibitor, in the task of performing one (1) of the eight (8) ARHA designated patterns, constructed of both Ranch Trail obstacles and Ranch Reining maneuvers. Each horse will work individually performing one (1) of the required eight (8) patterns offered in the rulebook that is chosen by the judge.

SECTION N-2. CLASS GUIDELINES

A) There will be no time-limit.

B) A simple or flying lead change should be executed precisely in the specified number of strides and/or at the designated location. A simple lead change is performed by breaking to a walk or trot for one (1) to five (5) strides (before break of gait penalty applies). There is no penalty for a simple lead change unless the walk or trot exceeds five (5) strides. Flying lead changes should be simultaneous front to rear. All changes should be smooth and timely.

SECTION N-3. SCORING & PENALTIES

A) Scoring.

Scoring will be on the basis of 0-100, with 70 denoting an average performance. The individual maneuvers are scored in 1/2 point increments from a low of -1½ to a high of +1½ with a score of 0 denoting a maneuver that is average or correct. It is the judge's responsibility to evaluate these maneuver groups individually and rate each maneuver group on the following scale:

-1½	=	Extremely Poor
-1	=	Very Poor
-½	=	Poor
0	=	Correct
+½	=	Good
+1	=	Very Good
+1½	=	Excellent

1) This class will also be judged on quality of movement on horse by standards written in the Ranch Riding portion of the ARHA Rulebook. The Ranch Riding portion will be scored in ½ point increments from -1½ to +1½ on the score sheets on the overall quality of the horses movement in the column marked MVT. Judge will score on all gaits performed at the end of the pattern on overall average of each gait. Transitions should be performed where designated, with smoothness and responsiveness. Posting at extended trot is acceptable.

2) Exhibitor will be judged on ability and decision making in the show pen. An exhibitor that puts their horse in the correct

positions and making the horses job easier should receive credit. Exhibitors will also be scored in $\frac{1}{2}$ point increments from $-1\frac{1}{2}$ to $+1\frac{1}{2}$ at the end of the pattern for overall performance in the column marked HMS. SECTION O-1. RANCH TRAIL

Classes in Open may be offered in All Age or Junior/Senior. Amateur may be offered in Amateur 19 & over, or 19-59 and Select. Novice Amateur will be offered only in 19 & over, Novice Youth will only be offered in 18 & Under, and Youth classes may be offered in Youth 18 & Under or 13 & Under and 14-18.

This class is open to all horses ages two (2) years of age and older.
Two (2) year olds may only show after June 1.

This class will be judged on the performance of the horse over obstacles with emphasis on manners, response to the rider and quality of movement. Credit will be given to horses negotiating the obstacles with style and some degree of speed, providing correctness is not sacrificed. Horses should receive credit for showing attentiveness to the obstacles and the capability of picking their own way through the course when obstacles warrant it, and willingly responding to the rider's cues on more difficult obstacles.

SECTION O-2. CLASS GUIDELINES

A) Show management, when setting courses, should keep in mind that the idea is not to trap a horse, or eliminate it by making an obstacle too difficult. All courses and obstacles are to be constructed with safety in mind so as to eliminate any accidents. When the distances and spaces are measured between all obstacles, the inside base to inside base measurement of each obstacle considering the normal path of the horse, should be the measuring point. Enough space must be provided for a horse to trot [at least 30 feet] and lope [at least 50 feet] for judges to evaluate these gaits.

B) Horses shall be penalized for any unnecessary delay while approaching or negotiating the obstacles. Horses with artificial appearance over obstacles should be penalized.

C) Horses must not be required to work on the rail. The course must be designed, however, to require each horse to show the three gaits (walk, trot, and lope) somewhere between obstacles as part of its work, and the quality of movement and cadence should be considered as part of the maneuver score. While on the line of travel between obstacles, the horse shall be balanced, carrying his head and neck in a relaxed, natural position. The head should not be carried behind the vertical, giving the appearance of intimidation, or be excessively nosed out, giving the appearance of resistance. Gaits between obstacles shall be at the discretion of the judge.

D) The course to be used must be posted at least three (3) classes prior to the first horse entering the arena.

E) The judge should walk the course and has the right and duty to alter the course in any manner. The judge may remove or change any obstacle he deems unsafe or non-negotiable. If at any time a trail obstacle is deemed unsafe by the judge, it shall be repaired or removed from the course. If it cannot be repaired and horses have completed the course, the score for that obstacle shall be deducted from all previous works for that class.

F) If disrupted, the course shall be reset. In the case that an obstacle is used in combination, the obstacle cannot be reset until the contestant finishes the entire course.

G) A minimum six (6) obstacles must be used from the list below.

SECTION O-3. OBSTACLES

A) The Gate. A contestant must open, go through and then close a gate. Reins may not be switched between hands unless done prior to or immediately after this obstacle. Gate must be open and closed, failure to leave gate as found will result in disqualification.

B) Stationary Roping Dummy. This obstacle is used to show the willingness of the horse to have a rope thrown from its back. Exhibitor must carry rope into the class and as they approach the roping dummy may build loop. A fast and efficient loop build and put away after roping should be rewarded. Only one loop will be allowed. Rider must keep hold of the reins. If the rope is dropped before the stationary roping dummy obstacle, the competitor will be DQ. The judge shall give credit to the horse that stands quietly while the competitor makes the swing and throws at the steer. Shying from rope will be penalized as to severity. The rider shall not be penalized for a miss but shall receive credit for the horse being in correct position, standing quietly, pulling slack, and dallying the rope.

C) Trailer. A contestant must show that a horse will load and unload quietly, safely and easily from a normal covered stock trailer or horse trailer with secure footing. Horses must remain saddled and the exhibitor must dismount to load and unload, failure to do so is a disqualification.

E) Slicker. Rider approaches slicker, removes slicker from holder, wears slicker and then travels to second holder, where he removes the slicker and replaces it on the holder.

F) Water Hazard. Horse shows willingness to cross small ditch or shallow pond.

G) Bridge. Horse shows willingness to walk across obstacle designed to simulate a bridge.

H) Log Drag. Rider will be handed or pick up rope and drag log according to posted pattern to show horse's willingness and ability to pull. Once the circle is completed, the rider will drop the rope and continue to next obstacle.

I) "L" Shaped Back Through. Course made of logs or poles laid on the ground. Minimum space between poles to be 28"

J) Ground Tie or Hobble. Horse shall remain in place while his rider dismounts and performs a normal ranch task. Split reins - both reins must touch the ground. If using romal reins the horse must be hobbled or use of a neck rope to ground tie.

K) Side Pass. Logs or poles used must be a minimum of six feet long. Obstacles may be approached from either end and horse may be required to move both directions. Such information is to be stated on posted pattern.

L) Obstacle containing four (4) logs. Each being 5'(minimum) to 6' long laid in a square and execute a 180 or 360 degree turn and then leave square or lope through the square providing the rails are 6' To 7' in length and no more than 12"high. The pattern must state which is required.

M) Logs. Three logs will be placed on ground that the contestant

must cross. Walk over 15"-24" Trot over - 2'6" to 3'6" Lope over - 6' to 7'

N) Obstacles consisting of cones or pylons. Horse is to trot through in either a cloverleaf or serpentine pattern or back through as posted on pattern. Markers are to be spaced a least 3' apart.

O) Any other safe and negotiable obstacle which could reasonably be expected to be encountered on a trail ride and that meets the approval of the judge may be used.

P) A combination of two or more of any obstacles is acceptable.

SECTION O-5. IN-HAND TRAIL

In-Hand Trail class may be offered in Open, Amateur 19 & over and Youth 18 & Under.

This class is designed to provide exhibitors an event to showcase horses too young to show in performance events. Requirements are created to prepare the young horse for a productive performance career without harming them physically or mentally. This class is available only to yearlings and two year olds and must be divided accordingly. The judge must approve class pattern prior to posting by show management.

SECTION O-6. IN-HAND TRAIL CLASS GUIDELINES

A) The pattern must be posted at least three (3) classes before the start of the class.

B) Courses must be constructed with safety being of the utmost importance.

C) When measuring distance between obstacles, measure from the inside base to the inside base of each obstacle. Obstacles for backing must be spaced a minimum of 28" apart for Yearlings and 32" for Two Year Olds.

D) Poles are to be spaced 15-24" apart for walkovers and 20-30" apart for trot overs.

E) Bridges must be sturdy, safe and a minimum of 36" wide and 6' long. No rocking bridges are allowed.

F) The judge shall look for a horse that can proceed through the course with the least amount of exhibitor influence and still be correct; a willing attitude; trust in and responsiveness to their handler and free and natural gaits. Handlers must keep a hand on the gate at all times as they negotiate this obstacle.

G) Judges should consider the following as undesirable: unnecessary delay when approaching obstacles; pulling back or attempting to run off; bad attitude; displays of aggression or resentment toward handler; or losing control of the gate.

SECTION O-7. EQUIPMENT FOR IN-HAND TRAIL

SECTION Q-1. RANCH REINING

Classes in Open may be offered in All Age or Junior/Senior. Amateur may be offered in Amateur 19 & over, or 19-59 and Select. Novice Amateur will be offered only in 19 & over, Novice Youth will only be offered in 18 & Under, and Youth classes may be offered in Youth 18 & Under or 13 & Under and 14-18.

This class is open to all horses ages three (3) years of age and older.

This class will demonstrate the ability of the ranch horse to be reined willfully through all maneuvers of the patterns. The exhibitor should not be penalized for reining their horse through the pattern in a reasonable manner.

SECTION Q-2. CLASS GUIDELINES

There are six (6) standard and four (4) novice ARHA approved ranch reining patterns. All Novice classes are required to use the novice patterns offered in this rulebook. Pattern will be selected by judge or show management and used by all contestants in the class. Each contestant will perform the required pattern individually and separately. All horses will be judged immediately upon entering the arena and judging will cease after the last maneuver. Any fault incurred prior to the commencement of a pattern will be scored accordingly.

Stops should be hard and deep as if needed to stop and go in the other direction and should be square and done without resistance (it should be at the judge's discretion on what he/she considers an excessive slide. Excessive stops beyond 10 feet should be minus in $\frac{1}{2}$ point increments. Turn arounds should be those of a working horse and should be correct and job efficient.

SECTION Q-3. SCORING & PENALTIES

A) Scoring.

Scoring will be on the basis of 0-100, with 70 denoting an average performance. The individual maneuvers are scored in $\frac{1}{2}$ point increments from a low of $-1\frac{1}{2}$ to a high of $+1\frac{1}{2}$ with a score of 0 denoting a maneuver that is average or correct. It is the judge's responsibility to evaluate these maneuver groups individually and rate each maneuver group on the following scale:

$-1\frac{1}{2}$	=	Extremely Poor
-1	=	Very Poor
$-\frac{1}{2}$	=	Poor
0	=	Correct
$+\frac{1}{2}$	=	Good
+1	=	Very Good
$+1\frac{1}{2}$	=	Excellent

- 1) ARHA requires that the score for each run be reflected on a maneuver by maneuver and penalty by penalty basis utilizing an ARHA score sheet. This score sheet represents a judge's report to an exhibitor of how a score was derived, and it is critical that this report to the exhibitor be accurate.
- 2) In the name of accuracy, it is important that the judge not average scores for maneuvers.
- 3) A judge must, at the completion of each maneuver, evaluate the

maneuver on the scale listed above as an individual component of the entire run.

- c)** Starting a lope departure at a trot or exiting rollbacks up to two (2) strides.
- d)** Delaying changes of lead by one (1) stride.
- e)** Over or under spinning by 1/8 turn.

2) One (1) Point Penalties.

- a)** Each time a horse is out of lead, a judge is required to deduct one (1) point. The penalty for being out of lead is cumulative and the judge will deduct one (1) penalty point for each 1/4 of the circumference of a circle or any part thereof that a horse is out of lead.
- b)** Over or under spinning by 1/4 turn.
- c)** During the run around arena, failure to change lead beyond one (1) stride before half way, but prior to next maneuver.

SECTION R-1. RANCH CUTTING

Classes in Open may be offered in All Age or Junior/Senior. Amateur may be offered in Amateur 19 & over, or 19-59 and Select. Novice Amateur will be offered only in 19 & over, Novice Youth will only be offered in 18 & Under, and Youth classes may be offered in Youth 18 & Under or 13 & Under and 14-18.

This class is open to all horses ages three (3) years of age and older.

This class is designed to show a horse's ability to separate a cow from the herd, hold that cow away from herd, then drive that cow away from herd and to pen it. This class is to be judged on the horses natural cow ability, agility and responding softly to the rider's cues to help rein horse into position to hold cow from herd, on the way to pen and to pen cow. Horse should display softness of handle and quietness in herd. Horse and, rider should work as a team, seeming effortless to work together.

SECTION R-2. CLASS GUIDELINES

In the Ranch Cutting class, exhibitors are permitted to hold romels and tail in one hand while holding the horn with other hand. Should an exhibitor choose to show this way, they must enter the arena with reins in one hand and are not allowed to touch rein with off hand at anytime during the class or if the exhibitor chooses to come in to the pen with both hands on the romels, they will be required to keep both hands on the reins, in the same way as when they entered the pen.

A) Settling of the herd is permissible by anyone but the first entries of the class.

B) There is a two and one half (2½) minute time limit.

C) Time will begin when a rider crosses a timeline just prior to entering the herd which will have a minimum of ten (10) head. The rider will then quietly separate one cow from the herd and work the cow, with the exhibitor and horse showing their ability to keep the cow from the herd. Upon herd work completion, the cow shall be driven to the opposite end of the arena and penned.

D) A whistle will be blown or announcement made at the one (1) minute point to let exhibitor know that one and one half (1½) minutes remain to complete the run. A contestant will be disqualified if he fails to pen the cow at the end of two and one half (2½) minutes, if the cow returns to the herd after it has been clearly separated from the herd or if the cow crosses back over the time/foul line when attempting to be penned.

E) The contestant may have up to four (4) helpers during the cutting portion, two (2) turn back riders and two (2) herd holders. The helpers may not assist the contestant in penning the cow. Herd holders/turnback riders are in no way to assist exhibitor once they have called for cow or have crossed time/foul line. In doing so, they could cause exhibitor to be disqualified. This is left up to the discretion of judge if he deems it excessive.

F) The pen shall be placed on the side of the arena two-thirds of the way down the arena from the herd. Cow is not considered penned until the horse enters the wing area of the pen and whistle is blown. Show management may use either a 10' to 20' wing when constructing the pen.

G) Horse will not be penalized for reining during cutting portion, but should respond softly to rider's cues, showing willingness to accept exhibitors directions as well as to display horse's natural cow ability in controlling and driving the cow. A horse that can perform all tasks of this class on a loose rein with minimal help from its rider shall be credited accordingly.

H) Show management may supply two (2) herd holders and two (2) turn back riders, or exhibitors may supply their own helpers. If an exhibitor is a herd holder or turn back rider, he/she may use the horse they are competing on, or use a different horse. Herd holders and turn back riders should use ARHA horses. All turn back riders and herd holders must have proper western attire. Failure to do so will result in disqualification of entry.

I) Whistles and/or Horns to be blown at:

- 1) One minute mark (Announcer may call over PA).
- 2) Cow crosses back over time line after attempting to pen.
- 3) Losing the cow back to the herd.
- 4) Two and one half (2½) minutes has expired.
- 5) Completion of Run (judges discretion). It is the exhibitor's responsibility to keep engaging the cow until judge's whistle is blown.

SECTION R-3. SCORING & PENALTIES

A) Scoring.

Scoring will be on the basis of 0-100, with 70 denoting an average performance. The individual elements of run content are scored in 1/2 point increments from a low of -1½ to a high of +1½ with a score of 0 denoting a maneuver that is average or correct. For cattle classes, scores should be listed on the score sheet in the following manner:

---	=	-1½	=	Extremely Poor

- 1) In the name of accuracy, it is important that the judge not average scores for elements.
- 2) A judge must, at the completion of each run, evaluate the run

content on the scale listed above.

- d)** Penning trash cow.
- e)** Two hands on reins except when exhibiting a junior horse in either a snaffle bit or hackamore (bosal).
- f)** Illegal equipment
- g)** Excessive disturbance of herd to the point that the exhibitor is asked to leave the arena.

5) Credits. Credit will be given to those horses who demonstrate excellence in the herd work, driving and setting up the cow to cut, working in the center of the arena, and degree of difficulty

of the cow drawn, within 2½ (two and a half) minutes. Horses will not be penalized for reining during the cutting portion, but should respond softly to rider's cues, showing willingness to accept exhibitor's directions as well as to display horse's natural cow ability in controlling and driving the cow.

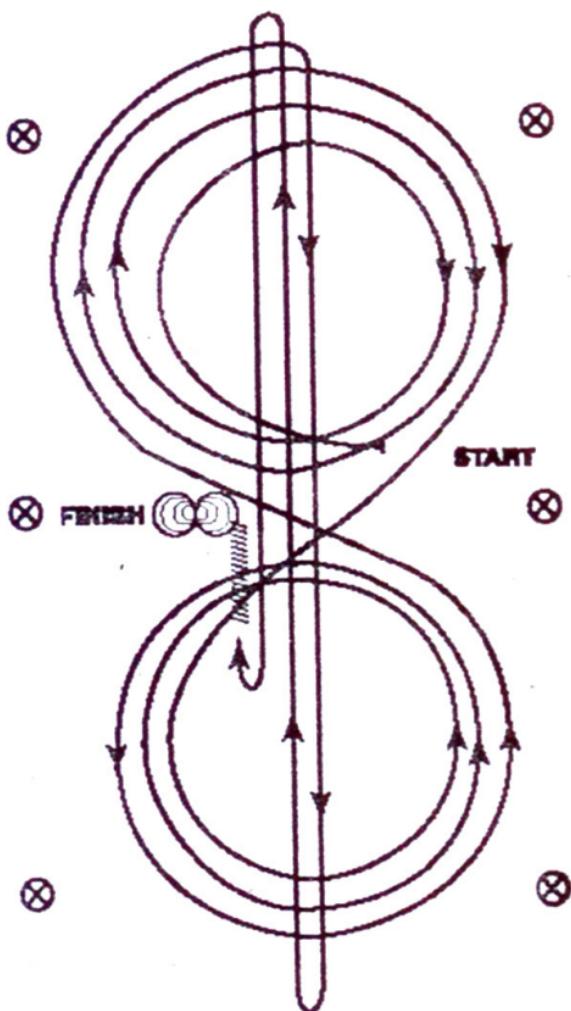

- a)** Quiet in the herd and smoothness of cut.

SECTION S-1. HERD WORK

Classes in Open may be offered in All Age or Junior/Senior. Amateur may be offered in Amateur 19 & over, or 19-59 and Select. Youth classes may be offered in Youth 18 & Under or 13 & Under and 14-18.

This class is open to all horses ages three (3) years of age and older.

This class will be judged on the horse's natural cutting ability but the exhibitor can handle the horse in a ranch type atmosphere.

SECTION S-2. CLASS GUIDELINES

Exhibitors are permitted to hold romels and tail in one hand while holding horn with other hand. If exhibitor chooses to show this way they must enter the arena with reins in one hand and are not allowed to touch rein with off hand at anytime during the class. If exhibitor comes in with both hands on the romel they are required to keep both hands on the reins, the way they entered the pen.

A) Judging will start when the contestant crosses the time line. Horse should approach herd with no hesitation, weaving or resistance. Exhibitor may enter either side of herd.

B) The horse should show a great deal of expression but no ill will towards the animal. The degree of difficulty, eye appeal, and amount of courage in staying on a tough cow will be taken into consideration.

C) A greater amount of time actually spent working cattle in 2½ minutes will have a positive affect on the total score. The number of cattle to work in the two and one-half (2½) minute time limit is not over three (3) head of cattle, but not less than two.

D) Contestant must make one (1) deep cut out of the herd. The horse should work quietly, but alertly causing very little disturbance in the herd or the animal being brought out. Credit will be given for driving cattle, clearing the herd by a sufficient distance and setting up a cow while holding it in a working position as near to the center of the arena as possible.

E) After the cut is made, the horse should display natural cutting ability. Contestant may handle the horse with reins; if the horse shows no resistance to the rider's cues, no penalty will be given. Horses must respond in a positive manner and be responsive to the rider. The horse should stop using its haunches and be free on the front end when moving across themselves. Entry shall get off the cow as close to the middle of the arena as possible to show control of the cow.

SECTION S-3. SCORING & PENALTIES

A) Scoring.

Scoring will be on the basis of 0-100, with 70 denoting an average performance. The individual elements of run content are scored in 1/2 point increments from a low of -1½ to a high of +1½ with a score of 0 denoting a maneuver that is average or correct. For cattle classes, scores should be listed on the score sheet in the following manner:

--- = -1½ = Extremely Poor

-- = -1 = Very Poor

- = -½ = Poor

✓	=	0	=	Correct
+	=	+1½	=	Good
++	=	+1	=	Very Good
+++	=	+1½	=	Excellent

1) ARHA requires that the score for each run be reflected on a element by element and penalty by penalty basis utilizing an ARHA score sheet. This score sheet represents a judge's report to an exhibitor of how a score was derived, and it is critical that this report to the exhibitor be accurate.

2) In the name of accuracy, it is important that the judge not average scores for elements.

3) A judge must, at the completion of each run, evaluate the run content on the scale listed above.

B) Run Content.

1) Herd Work. Each time the exhibitor enters the herd the judge will score according to how the horse handles the cut.

2) Control of Cow. The horses ability to stop and turn the cow in the middle part of the arena.

3) Degree of Difficulty. How tough or easy the cow is working or attempting to go back to the herd.

4) Eye Appeal. The style, or how easy or hard it is, for the horse to show its natural cow ability. A horse showing softness in the mouth or body when handled will be credited in eye appeal.

5) Amount of Working Time. The actual time spent working the cattle.

6) Amount of Courage. The horse's ability to challenge the cow.

7) Loose Rein. Horses that do the job on a loose rein, and are not consistently being helped will be credited.

8) Excessive Herd Help. If the herd holders keep the cow from going back to the herd or turn back help is stopping the cow for the contestant. Entry will not be penalized if turn back is pressuring a cow that does not move or is having to direct noise towards the cow to make it move or keep it in working area of the arena.

C) Penalties.

1) One (1) Point Penalties.

a) (Miss) Loss of working advantage. *When a horse goes by or misses to the degree that he loses his position to maintain control of cow.*

b) Noise directed by contestant towards cattle. *Any noise directed at cattle will be penalized one (1) point for each occurrence.*

c) Working out of position. *The position of the horse in relation to the cow being worked, whether too short or too long while working to control the cow.*

d) Toe, foot or stirrup on the shoulder.

2) Three (3) Point Penalties.

a) Hot Quit. *A contestant may quit an animal when it is obviously stopped, obviously turned away or is obviously behind the turn back horses. A three (3) point penalty should be charged if the animal is quit under any other circumstances.*

- b)** Cattle picked-up/running into or scattering the herd. *Each time a horse runs into the herd or scatters herd while working or picking up cattle through fault of horse, they will be penalized three (3) points. The entire cow must enter the working area.*
- c)** Failure to make a deep cut. *Each horse is required to enter the herd sufficiently to show their ability to make a cut. One such cut will satisfy this rule.*
- d)** Back Fence. *The horse will be penalized each time the back fence is used to stop or turn the cow.*

3) Five (5) Point Penalties.

- a)** Horse Quitting Cow. *When the horse refuses to stop or turn the cow.*
- b)** Losing the cow. *When the horse lets the animal that is being worked get back to the herd.*
- c)** Changing cattle after a specific commitment. *When rider changes cattle after visibly committing to a specific cow.*
- d)** Failure to separate a single animal after leaving the herd. *When horse clears the herd with two (2) or more cattle and fails to separate a single animal before quitting. No penalty if time expires. This rule only applies when making a cut.*
- e)** Blatant disobedience including kicking, biting, bucking, rearing and striking.
- f)** Spurring or hitting in front of the cinch.

4) Disqualifications.

- a)** Horse turn tail. *If the horse turns the wrong way with tail toward the animal being worked.*
- b)** Two hands on reins except when exhibiting a junior horse in either a snaffle bit or hackamore (bosal).
- c)** Fingers between the reins in a bridle. More than one (1) finger between reins when showing in any bridle other than a snaffle or bosal.
- d)** Illegal equipment.
- e)** Leaving the arena before time expires.
- f)** Fall of horse or rider.
- g)** Working over three (3) head of cattle in the 2½ minutes. Quitting or losing the third cow worked while time is still on the clock.
- h)** A judge may blow the whistle at any time during the work if they feel the cattle or horse are being mishandled, abused or deem the situation unsafe.

SECTION T-1. CUTTING

Classes in Open will be offered in All Age. Amateur will be offered in Amateur 19 & over. Youth classes will be offered in Youth 18 & Under.

This class is open to all horses ages three (3) years of age and older.
This class will be judged on the horse's natural cutting ability.

SECTION T-2. CLASS GUIDELINES

- A)** No romel reins or hackamores may be used. Use of snaffle bit is allowed but rider must ride with one hand with a tail of the reins on one side.
- B)** In this class only, exhibitors are permitted to put more than one finger between reins to make a cut. Once hand is dropped, only

the first finger can be between reins.

C) The number of cattle to cut in the two and one-half (2½) minute time limit is not over three (3) head of cattle, but not less than two. If a cutter can do as much on two head as he can on three, the cutter working two head should have the higher score because he has not spent as much time in the herd.

D) When approaching the herd a horse should never be set down hard. Walking or trotting to the herd is acceptable, provided the horse is taken up very easily before getting close enough to disturb the cattle. The horse should not display hesitation, weaving or reluctance to approach and enter the herd.

E) When entering the herd the cutting horse should enter with ease, concentrating on the job to be done; not looking over the back fence or biting; he should be alert, but quiet, making no unnecessary movements that might disturb the cattle. The horse should enter the herd deep enough to show his ability to get one out. A rider may enter the middle of the herd from either side and go to the middle or back side and get the one they want. A rider may also go behind the herd and bring one out.

F) A rider entering the herd may have light contact while he is in the herd and during the process of cutting the animal free from the remaining cattle. When the cow has been cut, the rider should let his horse alone and the horse should be given enough slack so that it would be obvious to the judge that the horse is working on his own.

G) The horse should stay a reasonable distance from the cow if possible, showing a great deal of expression but no illness towards the cow being cut. Illness is defined as biting, trying to bite, pawing, kicking and/or charging. Facial expression and ear position should not be considered as a sign of illness. The horse should be on his toes, making counter movements to the cow regardless of the distance separating them. The horse should not rush or push cattle excessively in bringing one from the herd unless the cow turns around and tries to get back to the edge of the herd. The cow should be brought a sufficient distance from the herd toward the center of the arena, so that the herd will not be disturbed while being worked, and set the cow up.

H) The cow should be in the middle of the arena or as near this point as possible with the horse making movements to counter movements of the cow. This does not mean the horse should be moving while the cow is standing still. When the cow moves, the horse should move faster so that he will hold the cow, not only from returning to the herd, but also from going from side to side (wall to wall), without excessive help from his turn back riders.

I) The loss of working advantage is not determined by the distance that a horse goes by a cow; it is determined by the response of the horse to the action of the cow. A horse should have no difficulty maintaining working advantage over a slow moving cow. The horse that can maintain a working advantage over a cow which presents a severe challenge shall receive credit. No penalty should be charged a horse which immediately regains position after going sufficiently past the cow to cause it to turn.

J) There will be no penalty assessed for cattle leaving the herd so long as it is not caused by the exhibitor's horse.

K) An exhibitor may quit a cow when he is obviously stopped, obviously turns away or is obviously behind the turn back horses and the turn back horses are behind the line.

L) In cutting, all horses regardless of age and bit must be shown with one hand. Junior horses that are shown with a snaffle must be ridden with one hand around reins with one finger between split reins. No romels and/or bosals will be allowed.

SECTION T-3. SCORING & PENALTIES

A) Scoring.

Scoring will be on the basis of 0-80, with 70 denoting an average performance. The individual elements of run content are scored in 1/2 point increments from a low of $-1\frac{1}{2}$ to a high of $+1\frac{1}{2}$ with a score of 0 denoting a maneuver that is average or correct. For cattle classes, scores should be listed on the score sheet in the following manner:

SECTION U-1. RANCH BOXING

Classes in Open and Amateur may be offered in All Age or Junior/Senior. All Age Amateur may be offered in Amateur 19 & over, or 19-59 and Select. Novice Amateur will be offered only in 19 & over, Novice Youth will only be offered in 18 & Under, and Youth classes may be offered in Youth 18 & Under or 13 & Under and 14-18.

This class is open to all horses ages two (2) years of age and older.
Two (2) year olds may only show after June 1.

This class will be judged on a demonstration of control of a single

cow worked (boxing) on the end of the arena to include position, control, degree of difficulty and eye appeal.

SECTION U-2. CLASS GUIDELINES

The exhibitors are permitted to hold the saddle horn or romels and tail in one hand while holding horn with other hand. If exhibitor chooses to show this way they must enter the arena with reins in one hand and are not allowed to touch rein with off hand at anytime during the class. If exhibitor comes in with both hands on the romels they are required to keep both hands on the reins, the way they entered the pen.

A) The rider will face the cow end of the arena and call for a cow. Each exhibitor upon receiving a cow, shall hold that cow on the prescribed end of the arena for fifty (50) seconds, demonstrating the ability of the horse and rider to control the cow. Timing will be done by the announcer or judge starting when the gate is shut behind the cow but horse will be judged when it enters the arena. At fifty (50) seconds, the announcer will call time. The judge may blow a whistle at any time for the contestant to cease work for any safety reasons.

B) A superior ranch boxing horse should be in complete control at all times, showing natural cow sense along with softness of face and body with rider's cues. Horse should stop using haunches. Turns should be quick and snappy.

C) The judge may blow the whistle at any time to terminate work. If the work is not completed at that time, entry is disqualified. Each work will be limited to fifty (50) seconds.

D) f) There will be no schooling between cows if a new one is awarded. The penalty for doing this is a disqualification.

E) Split reins on junior horses and romals on senior horses are allowed to be used behind the cinch.

SECTION U-3. SCORING & PENALTIES

A) Scoring.

Scoring will be on the basis of 0-100, with 70 denoting an average performance. The individual elements of run content are scored in 1/2 point increments from a low of $-1\frac{1}{2}$ to a high of $+1\frac{1}{2}$ with a score of 0 denoting a maneuver that is average or correct. ++	=	+1	=	Very Good
+++	=	$+1\frac{1}{2}$	=	Excellent

1) ARHA requires that the score for each run be reflected on a element by element and penalty by penalty basis utilizing an ARHA score sheet. This score sheet represents a judge's report to an exhibitor of how a score was derived, and it is critical that this

report to the exhibitor be accurate.

- 2)** In the name of accuracy, it is important that the judge not average scores for elements.
- 3)** A judge must, at the completion of each run, evaluate the run content on the scale listed above.

SECTION V-1. WORKING COW HORSE

Classes in Open may be offered in All Age or Junior/Senior. Amateur will be offered in Amateur 19 & over. Youth classes will be offered in Youth 18 & Under.

This class is open to all horses ages three (3) years of age and older.

This class consists of a reined work portion (dry work) chosen from one (1) of the nine (9) ARHA approved patterns included in this rulebook as well as a cow work portion to include boxing, fence turns and circles.

SECTION V-2. CLASS GUIDELINES

A) Both the cow work portion of this event and the reined work portion are mandatory. Scoring emphasis on the cow work portion shall be based on the horse maintaining control of the cow at all times, exhibiting superior cow sense and natural cow working ability without excessive reining or spurring. Failure of an exhibitor to attempt to complete the cow work portion of the class, as well as the reined work will result in the exhibitor not being considered an entry in the class. In the cow work portion of the class, the exhibitor will keep working until the judge blows the whistle to signify completion of work. If the exhibitor quits before the whistle is blown, the score shall be a zero (0) for the cow work portion. A horse going off pattern in the reined work and the cow work portion may be placed even if disqualified in one portion of the class (example: If a horse is disqualified and receives a zero (0) score for the reined work, but scores a 70 for the cow work, its total score would be a 70 and the horse would be eligible for placing).

B) In approved Working Cow Horse classes, one (1) of the nine (9) approved ARHA Working Cow Horse patterns is to be selected by the judge and/or show committee of the class and used by all exhibitor in the class. When judging reined work, the judge should refer to the reining portion of the rule book for guidelines, refer to Section P-1.

C) Reining markers should be set at center and ends. Penalty markers should be set twenty (20) feet from each of the four (4) corners on the short and long sides of the arena.

D) Between dry work and cow work the exhibitor shall make their way to the center of the arena towards the end where cow will be entering. There shall be no schooling between reined work and cow work. Judge may disqualify any entry that is stopping or turning their horses between works. Exhibitor shall call the cow when they are ready for staff to release cow, horse should be relaxed but ready for work. If judge whistles for new cow, exhibitor should stop work and return to center part of arena and let show staff remove cow from arena.

E) For the ideal cow work, each exhibitor, upon receiving a cow in the arena, shall hold the cow on the prescribed end of the arena for sufficient time to demonstrate the ability of the horse to contain the cow on that end. After a reasonable amount of time, the exhibitor shall take the cow down the fence, making at least one turn each way on the fence. The exhibitor shall then take the cow to an open part of the arena and circle it at least once each direction. The required pattern for the cow work is boxing, fence turns and circles, in that order. It is the judge's responsibility to

control the pen and treatment of all cattle.

F) The judge should take into consideration the size of the arena, condition of the ground and the disposition and degree of difficulty exhibited by the cattle worked.

G) If time and number of cattle permit, the judge may, at his discretion, award new cattle during the cow work based on the following criteria:

- 1)** The cow won't or can't run.
- 2)** The cow won't leave the end of the arena.
- 3)** The cow is blind or won't yield to the horse.
- 4)** The cow leaves the arena.

Allowing the horse to quit working before the judge signals for a new cow will result in zero (0) score for the cow work. The exhibitor has the option to continue working even though the judge signals for a new cow.

H) The judge may blow his whistle at any time to terminate the work. A score of zero (0) will be charged if the work is not complete at this point. Judging ends when the whistle blows.

SECTION V-3. SCORING & PENALTIES FOR REINED WORK

Refer to Section P-3.

SECTION V-4. SCORING & PENALTIES FOR COW WORK

A) Scoring.

Scoring will be on the basis of 0-100, with 70 denoting an average performance. The individual elements of run content are scored in 1/2 point increments from a low of -1½ to a high of +1½ with a score of 0 denoting a maneuver that is average or correct. For cattle classes, scores should be listed on the score sheet in the following manner:

---	=	-1½	=	Extremely Poor
--	=	-1	=	Very Poor
-	=	-½	=	Poor
√	=	0	=	Correct
+	=	+½	=	Good
++	=	+1	=	Very Good
+++	=	+1½	=	Excellent

1) ARHA requires that the score for each run be reflected on a element by element and penalty by penalty basis utilizing an ARHA score sheet. This score sheet represents a judge's report to an exhibitor of how a score was derived, and it is critical that this report to the exhibitor be accurate.

2) In the name of accuracy, it is important that the judge not average scores for elements.

3) A judge must, at the completion of each run, evaluate the run content on the scale listed above.

4) Reined work score is added to cow work score for a total score.

5) In the event of a tie, the entry with the highest cow work will be declared the winner.

B) Run Content.

1) Boxing. Working the cow on the end of the arena until such time as the exhibitor has proven the ability of the horse to hold the cow. The horse should exhibit superior cow sense and natural cow working ability without excessive reining or spurring. In the head-to-head working position, the degree of difficulty shall be considered.

2) Run & Rate. The horse's ability to run into position and then slow down or rate its speed to maintain correct position.

3) First (1st) Turn. A good turn on the fence may be defined as when a cow, while being run down the fence on one side of the arena, is turned the other direction and held near the same fence while being run in a new direction. During the turn the horse should use himself in a controlled athletic manner, using his hocks to stop and drive out of the turn, while using his front end to balance and turn. The contestant must get at least one (1) turn in each direction. To be considered a turn, the exhibitor must be close enough to the cow to be the cause of the turn. The turn must be tight enough so as not to be considered just circling the fence.

4) Second (2nd) Turn. See above. More than two (2) good turns in each direction should not result in extra credit but also should not be penalized, unless the cow is thereby too exhausted to circle correctly. One (1) turn each way may not necessarily result in extra credit if the horse and /or cow is out of control.

5) Control. The horse's ability to drive and turn the cow.

6) First (1st) Circle. After turning the cow on the fence, the rider should drive the cow off the fence and circle it once in each direction demonstrating the horse's ability to track and control the animal without over maneuvering or losing the cow to the fence.

7) Second (2nd) Circle. See above. Second circle must be the opposite direction of first circle.

8) Degree of Difficulty. The greater the difficulty of the run, the more credit should be given. The difficulty may be due to the extreme speed of the cow, the stubbornness of the cow, or the cow's reluctance to move, provided the job is accomplished. When all else is equal, the more pleasing or exciting cow work should be marked highest.

9) Eye Appeal. The style, or how easy or hard it is, for the horse to show its natural cow ability. A horse showing softness in the mouth or body when handled will be credited in eye appeal.

C) Penalties.

1) One (1) Point Penalties.

a) Loss of working advantage

b) Horses that run past the cow shall be penalized one (1) point.

c) Failure to drive cow past middle marker on first turn before turning the cow.

d) Each time the arena is crossed to use the opposite fence to achieve a turn.

e) When cow's head breaks the plane of one (1) point marker.

f) Slipping a rein.

g) Excessive whipping, spurring, or hollering.

h) Working out of position.

2) Two (2) Point Penalties.

a) Going around the corner of arena before turning the cow. When cow's head breaks plane of 2 point penalty marker.

3) Three (3) Point Penalties.

a) Biting or striking the cow.

b) Hanging up on the fence (refusing to turn). *When attempting to turn a cow on the fence a horse is considered to be hung up when the animal being worked exits the turn and the horse momentarily refuses the riders command and freezes up (stops lateral movements of the shoulders). Also considered a hang-up is when a horse is put in a position where it is physically impossible to complete the turn and the lateral movement of his shoulders is stopped.*

c) Exhausting or over working the cow before circling.

d) Knocking down the cow without having working advantage.

4) Five (5) Point Penalties.

a) Not getting one turn each way (5 points each way).

b) Deliberate spurring or use of the romal forward of the cinch.

c) Blatant disobedience.

5) Disqualifications.

a) Turn tail.

b) More than one finger between reins.

c) Leaving the arena before the pattern or work is completed.

d) Schooling between cows if a new cow is awarded.

e) Schooling between rein work and cow work. (Schooling, is defined as gaining an advantage by excessive pulling, turning, stopping, or backing).

f) During the cow work, use of two hands on the reins, exception with junior horses ridden two-handed in a bosal or snaffle-bit.

g) The judge may blow his whistle at any time to terminate the work. A score of zero will be charged if the work is not completed at that point.

h) Failure to attempt any part of the class (reined work or cow work) results in DQ for the entire class.

SECTION W-1. WORKING RANCH HORSE

Classes in Open may be offered in All Age or Junior/Senior. Amateur will be offered in Amateur 19 & over. Youth classes will be offered in Youth 18 & Under.

This class is open to all horses ages three (3) years of age and older.

This class combines the reining ability, cow sense and roping ability of the horse and rider and will be judged on their ability to do these. Each contestant will perform individually, first with a reining pattern and then releasing one (1) cow into the arena which will be boxed and turned on the fence in both directions following which a breakaway rope will be used to rope the cow with no more than two (2) loops.

SECTION W-2. CLASS GUIDELINES

A) The class will be judged in three parts. The reining, the cow work and the roping portion, At the end of the performance, the scores for the three portions will be combined for the final score. Rules for reining portion are defined in the Reining section of this rulebook. Rules for the cow working portion are defined in the Working Cow Horse section of this rule book. The rules for the roping portion are listed below. The roping portion of the Working Ranch Horse class, the horse will be judged on trailing, rating and stopping. It is necessary for the exhibitor to catch in the roping portion. If there is no catch, a zero (0) score is applied to the roping portion.

B) In approved Working Ranch Horse classes, one (1) of the four (4) approved ARHA Working Ranch Horse patterns is to be selected by the judge and/or show committee of the class and used by all exhibitor in the class. When judging reined work, the judge should refer to the reining portion of the rule book for guidelines, refer to Section P-1.

C) Reining markers should be set at center and ends. Penalty markers should be set twenty (20) feet from each of the four (4) corners on the short and long sides of the arena.

D) After the exhibitor has completed his reining pattern, he will call for the cow to be turned into the arena. Upon receiving the cow, exhibitor shall hold the cow on the prescribed end of the arena for sufficient time to demonstrate the ability of the horse to contain the cow on that end. After a reasonable amount of time, the exhibitor shall take the cow down the fence, making at least one turn each way on the fence. The exhibitor must then rope the cow and bring horse to a stop. The exhibitor is allowed only two loops.

E) In the roping portion of this class a factory plastic type breakaway honda must be used. If the honda fails to break away, it will result in a zero (0) score in the roping portion.

F) As long as rope goes over the head, any catch will be considered a legal catch.

G) If exhibitor fails to dally to break honda it will result in a three (3) point penalty.

H) A two (2) loop run will receive a penalty of five (5) points and a no catch run will receive a zero (0) score in the roping portion.

I) If the rope falls off the saddle during the class, the rider does have the option of dismounting/mounting (without any assistance) and picking up the rope. If rider leaves cow to get rope, a minus score

must be reflected in the trailing portion of the scoresheet and a three (3) point penalty will be assessed. The exhibitor that does not choose to retrieve their rope will receive a zero (0) score in the roping portion.

J) Should the judge have blown the whistle to terminate the cow work, and the exhibitor received a score of zero (0) in the cow work segment, the exhibitor may continue with the roping portion of the class. Judge may blow the whistle to terminate the roping portion at their discretion as well which results in a zero (0) score for the roping portion.

K) There is no time limit for this class. During the roping portion, an attempt to rope the cow must be made in a reasonable amount of time. If there is a second loop, the rebuild and second attempt must be made in a reasonable amount of time. At any point, the judge may blow the whistle to signify the end of the roping portion if they feel no attempt is being made. Exhibitor will then receive a zero (0) score for the roping portion.

L) Riders are not permitted to have their rope tied onto the horn of the saddle. Rider must dally.

M) No exhibitor may enter the arena with a loop already built. No ropes may be handed to the exhibitor from outside the arena.

N) If time and number of cattle permit, the judge may, at his discretion, award new cattle during the cow work based on the following criteria, however, no new cows will be awarded during the roping section barring unforeseen circumstances.

- 1) The cow won't or can't run.
- 2) The cow won't leave the end of the arena.
- 3) The cow is blind or won't yield to the horse.
- 4) The cow leaves the arena.

O) The judge shall stop the cattle or roping work due to the exhibitor and/or horse being unsafe, out of control or in situations when cattle are being abused. Example: repeated crashing into the fence, running over cattle, etc.)

SECTION W-3. SCORING & PENALTIES FOR REINED WORK

Refer to Section V-4.

SECTION W-5. SCORING & PENALTIES FOR ROPING

The individual elements of run content are scored in 1/2 point increments from a low of -1½ to a high of +1½ with a score of 0 denoting a maneuver that is average or correct. For cattle classes, scores should be listed on the score sheet in the following manner:

---	=	-1½	=	Extremely Poor

This score sheet represents a judge's report to an exhibitor of how a score was derived, and it is critical that this report to the exhibitor be accurate.
- 2)** In the name of accuracy, it is important that the judge not average scores for elements.
- 3)** A judge must, at the completion of each run, evaluate the run content on the scale listed above.
- 4)** Reined work, cow work & roping score are added for a total score.
- 5)** In the event of a tie, the entry with the highest cow work will be declared the winner.

B) Run Content.

- 1) The Ability to Trail.** While following the cow, the horse's ability to match the cow's speed and position to give the rider the best opportunity to make the catch.
- 2) The Ability to Rate.** While roping the cow, the horse's ability to run into position and then slow down or rate its speed to maintain correct position.
- 3) The Ability to Stop.** After roping the cow, the horse's ability to stop squarely with its hocks underneath it while the cow is at the end of the rope.

C) Penalties.

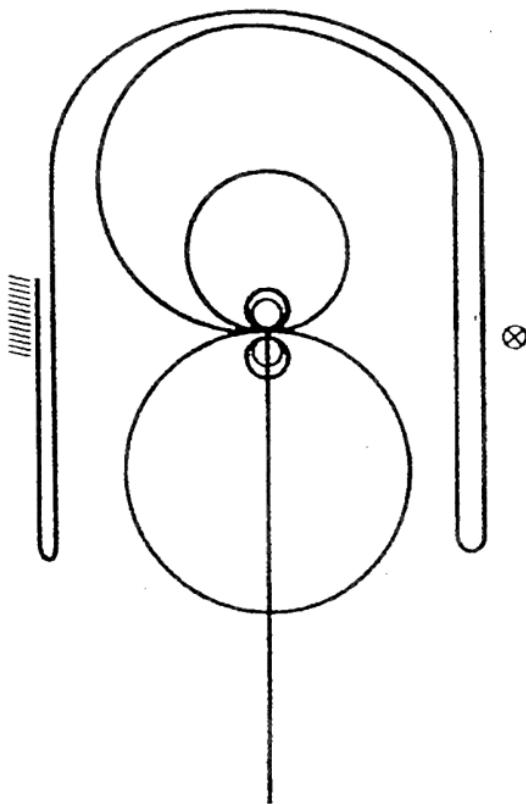

- 1) Two (2) Point Penalties.**
 - a)** Setting up or scotching. *When a horse anticipates the stop and quits sooner than required.*

 - c)** If the rope falls from the saddle to the ground and is not retrieved.
 - d)** Loss of rope during dally.
 - e)** Failure to catch

SECTION X-1. RANCH ROPING

Classes in Open will be offered in All Age. Amateur may be offered in Amateur 19 & over, or 19-59 and Select. Novice Amateur will be offered only in 19 & over, Novice Youth will only be offered in 18 & Under, and Youth classes may be offered in Youth 18 & Under or 13 & Under and 14-18.

This class is open to all horses ages two (2) years of age and older.
Two (2) year olds may only show after June 1.

The intent of this class is to show the skill of the horse and rider roping a specific cow from a herd, while handling cattle as if they were doctoring injured or sick cattle. Cattle should be handled as calmly and slowly as possible and the majority of the herd must stay at the working end of the arena. The judge should judge this class as if the cattle belonged to him or her.

SECTION X-2. CLASS GUIDELINES

- A)** This is a judged event with a 90 second time limit.
- B)** Horse and rider must start from behind a time line which will be located 1/3 of the arena length away from where ten (10) calves are held as a herd with each bearing a number 0 - 9. A random draw will be used to select the calf to be roped, and will be announced to the exhibitor when the horse crosses the time line.
- C)** The exhibitor must make a legal catch of the designated calf and dally up. A legal head catch is a loop that goes completely over the calf's head and honda can be broken by any part of the calf's body, but must go over the calf's head first. A breakaway rope with a factory plastic honda must be used and the honda must break away.
- D)** The rope must be thrown and the exhibitor may throw only two (2) loops. Any attempt by exhibitor to trap, snare, or collar cow by holding onto the loop will be cause for disqualification. A second rope may be used, but the total number of loops thrown may not exceed two (2).
- E)** A two (2) loop run will receive a penalty of five (5) points and a no catch run will receive a zero (0) score.
- F)** Entry does not have to separate their cow from herd and should not receive credit for separation from herd. When cow is separated from the herd there should be no excessive running or cutting of the cow.
- G)** Exhibitors are permitted to hold romels and tail in one hand while holding horn with other hand. If exhibitor chooses to show this way they must enter the arena with reins in one hand and are not allowed to touch rein with off hand at any time during the class. If exhibitor comes in with both hands on the romels, they are required to keep both hands on the reins, the way they entered the pen. Exhibitor may show in romel, split or one-piece reins. No tie-downs or martingales etc. may be used in this class.
- H)** Each contestant may have the option of using one (1) herd holder. The herd holder may cross the starting line. The sole duty of the herd holder is to assist in holding the cattle at the working end of the arena. If more than half the herd crosses the time line, it will result in a disqualification.
- I)** The run is finished when the calf breaks free from honda. If the honda has not broken away at the end of 90 seconds, the run will result in a disqualification.

J) After catching, it is desired for the horse to remain facing the cow until the honda breaks. Turning away from the cow to make the honda break quicker will receive a five (5) point penalty.

K) In youth division classes only, the youth exhibitor, at their discretion, may have their ropes tied to the saddle horn instead of dallying.

SECTION X-3. SCORING & PENALTIES

SECTION Z-3. SCORING & PENALTIES

See appropriate class for scoring guidelines.

SECTION AA-1. EXPLANATION OF MANEUVERS

A) Individual Work. Horses shall work individually. Judging begins the moment the horse enters the arena. There will be no schooling from the time the horse enters the arena. The judging ends when the rider indicates he/she is finished by coming to a complete stop. Praising or rewarding of horse is only allowed after the pattern is completed. The best horses shall be easily guided or controlled with little or no apparent resistance. Bad manners exhibited by the horse should be penalized. All deviations from the exact pattern must be considered a loss of control and marked down accordingly. Credit should be given for smoothness, finesse, attitude, quickness and authority of performing various maneuvers while using controlled speed which raises the difficulty level and makes the horse more exciting and pleasing to watch.

B) Circles. Circles are controlled maneuvers at the lope in the designated areas of the arena. Emphasis on scoring shall be given to the contestant exhibiting smooth, controlled figure eights with easy lead changes. Right and left circles shall have a common center line in the middle of the designated area. Circles shall be run and/or begin on the correct lead. The size and speed of the right circles shall be exactly the same as the speed and size of the left circles. The horse should lope in an even, fluid manner with a minimum of rider contact and/or commands. Circles shall be run far enough from the arena wall that it does not affect circles.

C) Flying Lead Changes. The act of changing the propelling side of the horse's body when changing the direction traveling at a lope. The lead change must be executed at a lope with no change of speed or gait. The horse shall change leads at the exact location dictated in the pattern description and shall change in one stride. A horse shall be considered out of lead if both front and rear leads are not changed in the same stride.

D) Run-Downs. Runs lengthwise through the arena. They shall be made as described in the given patterns, unless the judge indicated otherwise due to arena conditions. The horse shall demonstrate a relaxed fluid attitude when starting a run-down and throughout the maneuver. The horse shall use controlled speed consistent with the size of the arena and the condition of the ground. The horse shall travel in a straight line with minimum of contact from the rider. Straight, controlled run-downs with square, smooth stops, maintaining suppleness and proper head position are desirable.

E) Stops. Shall be in line with the direction of travel. Horses shall have its hocks well under itself during the entire stop, maintaining a proper head position and response to a light rein.

F) Spins. Consistent and positioned 360 degree turns executed with the inside hind quarter (pivot) remaining stationary. Spins shall be smooth and efficient. The location of the hind quarters shall be fixed at the start of the spin. The horse shall stop the spin exactly as dictated in the pattern description. The right and left spins shall have a similar speed and balance.

G) Back-Ups. The horse being caused to move in a reverse motion in a straight line for a required distance. The horse shall begin the back-up in a controlled manner and shall continue to back up without hesitation until directed to stop by the rider. In the instance where a horse backs up where a back-up is not specified

in the pattern, the penalty score of 0 will be incurred when the horse backs more than 3 full strides. It is important to note one stride is defined as the complete movement or steps of all 4 legs, one time. In this particular situation, it is very helpful for a judge to watch and count the steps of the front feet. Up to and including 4 steps of the front feet in the not required back-up receives no penalty, five steps and beyond constitutes the inclusion of a maneuver not specified and thus a penalty score of zero (0).

H) Hesitate. Hesitation is only long enough to show the completion of one maneuver before the next one starts. There shall be a slight hesitation to indicate each maneuver.

Romel reins can be held in either hand, with the hand around the reins in a fist position with the thumbs up. The non-rein hand must be on the romel. (The keeper, or hobble, that attaches the romel to the reins is considered to be part of the romel). The non-rein hand is not allowed, at any time to touch the reins or it will result in a disqualification. The rider is allowed to shorten the reins while the horse is in motion as long as their hands are held in a legal manner. No fingers are permitted between the reins. Tail of romel must be straight and cannot be wrapped around hand.
